

Poly Drums are a commonly used packaging material in the hazardous waste industry. This type of drum can come in many different sizes & styles. Questar proudly stocks many of these sizes & styles in our regional warehouses across the United States.

Standard sizes that are stocked range from 14 gallon to 55 gallon. All of these sizes are offered with a removable lid (Open Head), or a non-removable lid (Tight Head). Several colors are offered from Black, Blue, and Natural. These drums can have a Y or X rating. They can also be rated for solids, liquids, or carry a dual rating.
