

Steel Drums are one of the most common containers in the environmental industry. This type of drum can come in many different sizes & styles. Questar proudly stocks many of these sizes & styles in our regional warehouses across the United States.

Standard sizes that are stocked range from 16 gallon to 55 gallon. All of these sizes are offered with a removable lid (Open Head), or a non-removable lid (Tight Head). Several closure styles are available from a Lever-Lock Closure to a Bolt-Ring Closure. These drums can have a **Y** or **X** rating. They can also be rated for solids, liquids, or carry a dual rating.
